"Reviewed By K.C. Finn for Readers' Favorite

The Blackened Yonder is a work of fiction in the dark fantasy, adventure, thriller, and horror subgenres, and it forms the opening novel in the Planar Lost series. The work is

best suited to the adult reading audience. Penned by author J. Gibson, the story follows the intertwining paths of various characters grappling with a mysterious plague of Undeath sweeping across the land. From the priest Garron to the young Athenne and the clandestine group known as the Saints of Aetheria, each character navigates a world teetering on the brink of chaos. What results is an action-packed and exciting work of dark fantasy that leaves readers gasping and frantically turning pages to find out what happens next.

Author J. Gibson has crafted a work that is rich in worldbuilding, presenting a vivid and immersive fantasy setting filled with religion, magic, and political intrigue. I loved this author's dedication to crafting a fully realized world, which made it all the more realistic when you meet the central characters and see how their attitudes and actions are shaped by the culture and politics around them. Readers will be drawn into the well-paced mystery plot and the subtly-laid clues surrounding the undeath plague while also appreciating the complexity of the characters and their interwoven storylines. This all levels out to offer moments of tension, natural plot exposition in the dialogue, and strong plot twists that amp the action up at just the right moments. With a perfect balance of action, adventure, and character development, Gibson promises an engaging and thrilling read for fans of epic fantasy and darker fantasy stories alike. Overall, I would not hesitate to recommend *The Blackened Yonder* as your next brilliant dark fantasy series to lose yourself in."
